

## Intern certificate

Mr. Stefan RÖMER, born on December 22nd, 1979, was from July 1st, 2002 to August 30th Worked as an intern in our company in 2002. Mr.

Römer was in our operations department in the assemblies and device production department. used. Here he was primarily responsible for the following activities in plant assembly:

- assembling and wiring control cabinets according to drawings, circuit diagrams, terminal plans and parts lists;
- the mechanical structure with cutting of the mounting rails including drilling, punching and deburring them as well as the mounting plates;
- the cutting of cable ducts and the construction of the terminal blocks with the help of Column drill, milling machine, circular saw, belt sander, jigsaw and file;
- the production of screw connections;
- labeling the modules, cables and wires;
- preparing the cables and wires;
- cutting, stripping and attaching wire end sleeves and cable lugs;
- making soldered and crimped connections;
- the assembly of assemblies and PLC controls.

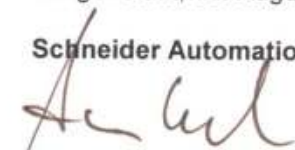

In the "Testing" area of operation, Mr. Römer was responsible for the functional testing of assemblies on the testing machines.

Mr. Römer carried out all the work very carefully and independently, always to our complete satisfaction. The work results were always characterized by very good quality and high productivity. He always showed great commitment when completing his tasks. Thanks to his strong ability to work in a team, Mr. Römer integrated well into the department. His behavior towards superiors and colleagues was impeccable at all times.

We would like to thank Mr. Römer for his valuable cooperation and good, trusting cooperation. We wish him all the best and much success for his future career and life.
